Comments on teaching (strengths, areas for improvement)

Text Response

Great help from both [redacted] & Jerry throughout the course.

Very knowledgeable, believe he could have presented more. Excellent overall, just think he has a lot to offer the class.

similarly thought Jerry was great but thought making study groups with assignments we had to complete between friday and saturday that we would have to work on as groups would have made the learning experience stronger.

Friendly, made himself very available for helping out anytime outside class.

Excellent job!

Very helpful and patient; gives context to the concepts, which goes a long way.

Jerry was great with his examples, recitations, and email updates/reminders

Phenomenal TA!
